The Academy of Lifelong Learning (ALL) is an organization for active, older adults (50+) offering classes and social activities for continued intellectual and personal growth.

About the Speaker:

Dr. Fogarty has been serving the Cy-Fair area since 1983 and has been Board Certified by the American Board of Orthopedic Surgery since 1985. He practices general orthopedic surgery including sports medicine and fracture care in patients of all ages and has a special interest in diseases of the bones and joints, including arthritis of the hip and knee. Dr. Fogarty enjoys giving back to the community, as he is a team physician for Langham Creek and Cy-Ridge High Schools.

Dr. Fogarty attended the Master's Anterior Hip Course and has provided training to other surgeons about the technique. He has also attended and contributed to the Master's Course for the Oxford Partial Knee Replacement. He uses the wealth of information he has gained from his years of experience, as well as new strategies learned in education seminars, to tailor treatment plans to each of his patients.
